

Release Notice: SACPA Reporting Information System Version 3.3

Release Date: September 16, 2002

On September 16, 2002, the California Department of Alcohol and Drug Programs (ADP) will install SACPA Reporting Information System (SRIS) Version 3.3. The changes include updates to the Annual Financial Status Report web form and a streamlined procedure for password retrieval.

SACPA Reporting Information System Version 3.3 includes the following changes:

- The Annual Financial Status Report web form is being modified to conform SRIS to changes made in the permanent SACPA regulations adopted January 17, 2002. The field 'Funds Received from Client Fees' will be split into three subcategories:
 - Client Fees Assessed by Trial Judges and Received by the County
 - Client Fees Assessed by Trial Judges and Collected by Treatment Programs
 - Client Fees Assessed and Collected by Treatment Programs for the Cost of TreatmentOther report modifications include slight changes to the field descriptions on the form.
- An automated system will allow the ADP Automation Help Desk to email passwords to county users, if an accurate email address has been entered for the county user. The password will be captured by the system the first time the user successfully logs into SRIS.
- ADP staff will have access to a new statewide report list comparing various allocation data from year to year. The report will list the allocation information for each county within the population range and status chosen by the ADP user.

For questions on how to use or access the SACPA Reporting Information System, call the ADP Automation Help Desk at (877) 517-3329 or email SACPA@adp.state.ca.us.
